#### **Terminology**

**Safeguarding** and promoting the welfare of children is defined as:

- protecting children from maltreatment;
- preventing impairment of children's health or development;
- ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- taking action to enable all children to have the best outcomes.

**Child Protection** is a part of safeguarding and promoting welfare. It refers to the activity that is undertaken to protect specific children who are suffering, or are likely to suffer, significant harm.

**Staff** refers to all those working for or on behalf of the centre, full or part time, temporary or permanent, in either a paid or voluntary capacity.

**Child** includes everyone under the age of 18.

**Parents** refers to birth parents and other adults who are in a parenting role, for example step-parents, foster carers and adoptive parents.

## **1. Introduction**

- 1.1. This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004; the Education Act 2002, and in line with government publications: 'Working Together to Safeguard Children' 2015, Revised Safeguarding Statutory Guidance 2 'Framework for the Assessment of Children in Need and their Families' 2000, 'What to do if You are Worried a Child is Being Abused' 2015. The guidance also reflects, both 'Keeping Children Safe in Education' 2016, and Surrey Safeguarding Children Board SSCB Child Protection Procedures<sup>1</sup>
- 1.2. The Governing body takes seriously its responsibility under section 175 of the Education Act 2002 to safeguard and promote the welfare of children; and to work together with other agencies to ensure adequate arrangements within our centre to identify, assess, and support those children who are suffering harm.
- 1.3. This policy applies to all members of staff and governors in the centre.

## **2. Policy Principles**

- 2.1. The welfare of the child is paramount
- 2.2. All children regardless of age, gender, culture, language, race, ability, sexual identity or religion have equal rights to protection, safeguarding and opportunities.
- 2.3. We recognise that all adults, including temporary staff<sup>2</sup>, volunteers and governors, have a full and active part to play in protecting our children from harm and have an equal responsibility to act on any suspicion or disclosure that may suggest a child is at risk of harm;
- 2.4. All staff believe that our centre should provide a caring, positive, safe and stimulating environment that promotes the social, physical and moral development of the individual child.
- 2.5. Children and staff involved in child protection issues will receive appropriate support.

## **3. Policy Aims**

- 3.1. To demonstrate the centre's commitment with regard to safeguarding and child protection to children, parents and other partners.
- 3.2. To support the child's development in ways that will foster security, confidence and independence.
- 3.3. To provide an environment in which children and young people feel safe, secure, valued and respected, and feel confident to, and know how to approach adults if they are in difficulties, believing they will be effectively listened to.
- 3.4. To raise the awareness of all teaching and non-teaching staff of the need to safeguard children and of their responsibilities in identifying and reporting possible cases of abuse.
- 3.5. To provide a systematic means of monitoring children known or thought to be at risk of harm, and ensure we, the centre, contribute to assessments of need and support packages for those children.
- 3.6. To emphasise the need for good levels of communication between all members of staff.
- 3.7. To develop a structured procedure within the centre which will be followed by all members of the centre community in cases of suspected abuse.

- 3.8. To develop and promote effective working relationships with other agencies, especially the Police and Social Care.
- 3.9. To ensure that all staff working within our centre who have substantial access to children have been checked as to their suitability, including verification of their identity, qualifications, and a satisfactory DBS check (according to guidance)<sup>3</sup>, and a single central record is kept for audit.

## **4. Values**

### **4.1. Supporting Children**

- 4.1.1. We recognise that a child who is abused or witnesses violence may feel helpless and humiliated, may blame themselves, and find it difficult to develop and maintain a sense of self-worth.
- 4.1.2. We recognise that the centre may provide the only stability in the lives of children who have been abused or who are at risk of harm.
- 4.1.3. We accept that research shows that the behaviour of a child in these circumstances may range from that which is perceived to be normal to aggressive or withdrawn.
- 4.1.4. Our centre will support all children by:
  - 4.1.4.1. Encouraging self-esteem and self-assertiveness, through the curriculum as well as our relationships, whilst not condoning aggression or bullying.
  - 4.1.4.2. Promoting a caring, safe and positive environment within the centre.
  - 4.1.4.3. Responding sympathetically to any requests for time out to deal with distress and anxiety.
  - 4.1.4.4. Offering details of helplines, counselling or other avenues of external support.
  - 4.1.4.5. Liaising and working together with all other support services and those agencies involved in the safeguarding of children.
  - 4.1.4.6. Notifying Social Care as soon as there is a significant concern.
  - 4.1.4.7. Providing continuing support to a child about whom there have been concerns who leaves the centre by ensuring that appropriate information is copied under confidential cover to the child's new setting and ensuring the centre medical records are forwarded as a matter of priority.
- 4.1.5. Children are taught to understand and manage risk through our person, social, health and economic (PHSE) education and Relationship and Sex Education and through all aspects of centre life. This includes online safety;

### **4.2. Prevention / Protection**

- 4.2.1. We recognise that the centre plays a significant part in the prevention of harm to our children by providing children with good lines of communication with trusted adults, supportive friends and an ethos of protection.
- 4.2.2. The centre community will therefore:
  - 4.2.2.1. Work to establish and maintain an ethos where children feel secure, are encouraged to talk and are always listened to.
  - 4.2.2.2. Include regular consultation with children e.g. through safety questionnaires, participation in anti-bullying week, asking children to report whether they have had happy/sad lunchtimes/playtimes
  - 4.2.2.3. Ensure that all children know there is an adult in the centre whom they can approach if they are worried or in difficulty.
  - 4.2.2.4. Include safeguarding across the curriculum, including PSE, opportunities which equip children with the skills they need to stay safe from harm and to know to whom they should turn for help. In particular this will include anti-bullying work, online-safety, road safety, pedestrian and cycle training. Also focussed work in Year 6 to prepare for transition to Secondary school and more personal safety/independent travel.

- 4.2.2.5. Ensure all staff are aware of centre guidance for their use of mobile technology and have discussed safeguarding issues around the use of mobile technologies and their associated risks. [NB schools to check with SCC e-safety guidance Appendix 11 to 'cherry pick' statements relevant to their setting.]

## **7. Confidentiality**

- 7.1. Guildford Nursery School and Children's Centre recognises that in order to effectively meet a child's needs, safeguard their welfare and protect them from harm the centre must contribute to inter-agency working in line with Working Together to Safeguard Children (2015) and share information between professionals and agencies where there are concerns.
- 7.2. All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children and that the Data Protection Act 1998 is not a barrier to sharing information where the failure to do so would place a child at risk of harm.
- 7.3. All staff must be aware that they cannot promise a child to keep secrets which might compromise the child's safety or wellbeing.
- 7.4. However, we also recognise that all matters relating to child protection are personal to children and families. Therefore, in this respect they are confidential and the Headteacher or DSLs will only disclose information about a child to other members of staff on a need to know basis.
- 7.5. We will always undertake to share our intention to refer a child to Social Care with their parents /carers unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, we will consult with an Assistant Team Manager at the Children's Services Area Team on this point.

## **8. Child Protection Procedures**

- 8.1. Abuse and neglect are forms of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in the family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or by another child or children.
- 8.2. Further information about the four categories of abuse; physical, emotional, sexual and neglect, and indicators that a child may be being abused can be found in appendices 1 and 2.
- 8.3. Any child in any family in any school could become a victim of abuse. Staff should always maintain an attitude of "It could happen here".
- 8.4. There are also a number of specific safeguarding concerns that we recognise our children may experience;
  - 8.4.1. child missing from education (see para 21)
  - 8.4.2. child missing from home or care
  - 8.4.3. child sexual exploitation (CSE) (see para 14 and Appendix 3)
  - 8.4.4. bullying including cyberbullying (see para 10)
  - 8.4.5. domestic abuse (see para 13 and Appendix 5)
  - 8.4.6. drugs
  - 8.4.7. fabricated or induced illness
  - 8.4.8. faith abuse
  - 8.4.9. female genital mutilation (FGM) (see para 15 and Appendix 4)
  - 8.4.10. forced marriage (see para 16)
  - 8.4.11. gangs and youth violence
  - 8.4.12. gender-based violence/violence against women and girls (VAWG)
  - 8.4.13. mental health
  - 8.4.14. private fostering
  - 8.4.15. radicalisation (see para 12 and Appendix 6)

- 8.4.16. youth produced sexual imagery (sexting) (see para 24)
- 8.4.17. teenage relationship abuse (see para 24)
- 8.4.18. trafficking
- 8.4.19. peer on peer abuse (see para 24)

8.5. Staff are aware that behaviours linked to drug taking, alcohol abuse, truanting and sexting put children in danger and that safeguarding issues can manifest themselves via peer on peer abuse.

8.6. We also recognise that abuse, neglect and safeguarding issues are complex and are rarely standalone events that can be covered by one definition or label. Staff are aware that in most cases multiple issues will overlap one another.

### **8.7. If staff are concerned about a child's welfare**

- 8.7.1. If staff notice any indicators of abuse/neglect or signs that a child may be experiencing a safeguarding issue they should record these concerns on an Expression of Interest Form<sup>7</sup> [Schools may have their own version of this form] and pass it to the DSL. They may also discuss their concerns in person with the DSL but the details of the concern should be recorded in writing.
- 8.7.2. There will be occasions when staff may suspect that a child may be at risk, but have no 'real' evidence. The child's behaviour may have changed, their artwork could be bizarre, they may write stories or poetry that reveal confusion or distress, or physical or inconclusive signs may have been noticed.
- 8.7.3. Guildford Nursery School and Children's Centre recognise that the signs may be due to a variety of factors, for example, a parent has moved out, a pet has died, a grandparent is very ill or an accident has occurred. However, they may also indicate a child is being abused or is in need of safeguarding.
- 8.7.4. In these circumstances staff will try to give the child the opportunity to talk. It is fine for staff to ask the child if they are OK or if they can help in any way.
- 8.7.5. Staff should use the Expression of Concern Form [Schools may have their own version of this form] to record these early concerns and give the completed form to the DSL.
- 8.7.6. Following an initial conversation with the child, if the member of staff remains concerned they should discuss their concerns with the DSL and put them in writing.
- 8.7.7. If the child does begin to reveal that they are being harmed, staff should follow the advice below regarding a child making a disclosure.

### **8.8. If a child discloses to a member of staff**

- 8.8.1. We recognise that it takes a lot of courage for a child to disclose they are being abused. They may feel ashamed, guilty or scared, their abuser may have threatened that something will happen if they tell, they may have lost all trust in adults or believe that what has happened is their fault. Sometimes they may not be aware that what is happening is abuse.
- 8.8.2. A child who makes a disclosure may have to tell their story on a number of subsequent occasions to the police and/or social workers. Therefore, it is vital that their first experience of talking to a trusted adult is a positive one.
- 8.8.3. During their conversation with the child staff will;
  - 8.8.3.1. Listen to what the child has to say and allow them to speak freely
  - 8.8.3.2. Remain calm and not overact or act shocked or disgusted – the child may stop talking if they feel they are upsetting the listener

- 8.8.3.3. Reassure the child that it is not their fault and that they have done the right thing in telling someone
  - 8.8.3.4. Not be afraid of silences – staff must remember how difficult it is for the child and allow them time to talk
  - 8.8.3.5. Take what the child is disclosing seriously
  - 8.8.3.6. Ask open questions and avoid asking leading questions
  - 8.8.3.7. Avoid jumping to conclusions, speculation or make accusations
  - 8.8.3.8. Not automatically offer any physical touch as comfort. It may be anything but comforting to a child who is being abused.
  - 8.8.3.9. Avoid admonishing the child for not disclosing sooner. Saying things such as 'I do wish you had told me about it when it started' may be the staff member's way of being supportive but may be interpreted by the child to mean they have done something wrong.
  - 8.8.3.10. Tell the child what will happen next.
- 8.8.4. If a child talks to any member of staff about any risks to their safety or wellbeing the staff member will let the child know that they will have to pass the information on – staff are not allowed to keep secrets.
- 8.8.5. The member of staff should write up their conversation as soon as possible on the Expression of Concern Form<sup>8</sup> in the child's own words. Staff should make this a matter of priority. The record should be signed and dated, the member of staff's name should be printed and it should also detail where the disclosure was made and who else was present. The record should be handed to the DSL.

## **8.9. Notifying Parents**

- 8.9.1. The Centre will normally seek to discuss any concerns about a child with their parents. This must be handled sensitively and the DSL will make contact with the parent in the event of a concern, suspicion or disclosure.
- 8.9.2. However, if the centre believes that notifying parents could increase the risk to the child or exacerbate the problem, advice will first be sought from children's social care.
- 8.9.3. Where there are concerns about forced marriage or honour based violence parents should not be informed a referral is being made as to do so may place the child at a significantly increased risk.

## **8.10. Making a referral**

- 8.10.1. Concerns about a child or a disclosure should be discussed with the DSL who will help decide whether a referral to children's social care, early help or other support is appropriate in accordance with Surrey Safeguarding Children's Board Levels of Need document<sup>8</sup>.
- 8.10.2. If a referral is needed then the DSL should make it. However, anyone can make a referral and if for any reason a staff member thinks a referral is appropriate and one hasn't been made they can and should consider making a referral themselves.
- 8.10.3. The child (subject to their age and understanding) and the parents will be told that a referral is being made, unless to do so would increase the risk to the child.
- 8.10.4. If after a referral the child's situation does not appear to be improving the designated safeguarding lead (or the person that made the referral) should press for re-consideration to ensure their concerns have been addressed, and most importantly the child's situation improves.
- 8.10.5. If a child is in immediate danger or is at risk of harm a referral should be made to children's social care and/or the police immediately. Anybody can make a referral.
- 8.10.6. Where referrals are not made by the DSL, the DSL should be informed as soon as possible.

## **8.11. Supporting Staff**

- 8.11.1. We recognise that staff working in the centre who have become involved with a child who has suffered harm, or appears to be likely to suffer harm may find the situation stressful and upsetting.
- 8.11.2. We will support such staff by providing an opportunity to talk through their anxieties with the DSLs and to seek further support as appropriate.

## **9. Children who are particularly vulnerable**

- 9.1. Guildford Nursery School and Children's Centre recognises that some children are more vulnerable to abuse and neglect and that additional barriers exist when recognising abuse for some children.
- 9.2. We understand that this increase in risk is due more to societal attitudes and assumptions or child protection procedures which fail to acknowledge children's diverse circumstances, rather than the individual child's personality, impairment or circumstances.
- 9.3. In some cases possible indicators of abuse such as a child's mood, behaviour or injury might be assumed to relate to the child's impairment or disability rather than giving a cause for concern. Or a focus may be on the child's disability, special educational needs or situation without consideration of the full picture. In other cases, such as bullying, the child may be disproportionately impacted by the behaviour without outwardly showing any signs that they are experiencing it.
- 9.4. Some children may also find it harder to disclose abuse due to communication barriers, lack of access to a trusted adult or not being aware that what they are experiencing is abuse.
- 9.5. To ensure that all of our children receive equal protection we will give special consideration to children who are;
  - 9.5.1. Disabled or have special educational needs
  - 9.5.2. Young carers
  - 9.5.3. Affected by parental substance misuse, domestic abuse or parental mental health needs
  - 9.5.4. Asylum seekers
  - 9.5.5. Living away from home
  - 9.5.6. Vulnerable to being bullied or engaged in bullying
  - 9.5.7. Already viewed as a 'problem'
  - 9.5.8. Living in temporary accommodation
  - 9.5.9. Live transient lifestyles
  - 9.5.10. Living in chaotic and unsupportive home situations
  - 9.5.11. Vulnerable to discrimination on the grounds of race, ethnicity, religion, disability or sexuality
  - 9.5.12. At risk of sexual exploitation
  - 9.5.13. Do not have English as a first language
  - 9.5.14. At risk of female genital mutilation
  - 9.5.15. At risk of forced marriage
  - 9.5.16. At risk of being drawn into extremism.

## **10. Anti-Bullying/Cyberbullying**

- 10.2. Our centre policy on anti-bullying is set out in a separate document and acknowledges that to allow or condone bullying may lead to consideration under child protection procedures. This includes all forms e.g. cyber, racist, homophobic and gender related bullying. We keep a record of known bullying incidents which is shared with and analysed by the governing body. All staff are aware that children with SEND and / or differences/perceived differences are more susceptible to being bullied / victims of child abuse.
- 10.3. If the bullying is particularly serious, or the anti-bullying procedures are seen to be ineffective, the headteacher and the DSL will consider implementing child protection procedures.
- 10.4. The subject of bullying is addressed at regular intervals in PHSE education.

## 11. Racist Incidents

- 11.1. Our policy on racist incidents is set out separately, and acknowledges that repeated racist incidents or a single serious incident may lead to consideration under child protection procedures. We keep a record of racist incidents.

## 12. Radicalisation and Extremism

- 12.1. The Prevent Duty for England and Wales (2015) under section 26 of the Counter-Terrorism and Security Act 2015 places a duty on education and other children's services to have due regard to the need to prevent people from being drawn into terrorism.
- 12.2. Extremism is defined as 'as 'vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs'. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.
- 12.3. Some children are at risk of being radicalised; adopting beliefs and engaging in activities which are harmful, criminal or dangerous.
- 12.4. Guildford Nursery School and Children's Centre is clear that exploitation of vulnerable children and radicalisation should be viewed as a safeguarding concern and follows the Department for Education guidance for schools and childcare providers on preventing children and young people from being drawn into terrorism<sup>9</sup>.
- 12.5. Guildford Nursery School and Children's Centre seeks to protect children and young people against the messages of all violent extremism including, but not restricted to, those linked to Islamist ideology, or to Far Right / Neo Nazi / White Supremacist ideology, Irish Nationalist and Loyalist paramilitary groups, and extremist Animal Rights movements.
- 12.6. Centre staff receive training to help identify early signs of radicalisation and extremism. Indicators of vulnerability to radicalisation are in detailed in Appendix 6.
- 12.7. Opportunities are provided in the curriculum to enable children to discuss issues of religion, ethnicity and culture and the centre follows the DfE advice Promoting Fundamental British Values as part of SMSC (spiritual, moral, social and cultural education) in Schools (2014)<sup>10</sup>.
- 12.8. The centre governors, the Head Teacher and the Designated Safeguarding Lead (DSL) will assess the level of risk within the centre and put actions in place to reduce that risk. Risk assessment may include, the use of centre premises by external agencies, staff conduct policy / handbook and other issues specific to the centre's profile, community and philosophy.
- 12.9. When any member of staff has concerns that a child may be at risk of radicalisation or involvement in terrorism, they should speak with the DSL. They should then follow normal safeguarding procedures. If the matter is urgent then Surrey Police must be contacted by dialling 999. In non urgent cases where police advice is sought then dial 101. The Department of Education has also set up a dedicated telephone helpline for staff and governors to raise concerns around Prevent (020 7340 7264).

## 13. Domestic Abuse

---

<sup>9</sup> <https://www.gov.uk/government/publications/protecting-children-from-radicalisation-the-prevent-duty>

- 13.1. Domestic abuse represents one quarter of all violent crime. It is actual or threatened physical, emotional, psychological or sexual abuse. It involves the use of power and control by one person over another. It occurs regardless of race, ethnicity, gender, class, sexuality, age, religion, mental or physical ability. Domestic abuse can also involve other types of abuse.
- 13.2. We use the term domestic abuse to reflect that a number of abusive and controlling behaviours are involved beyond violence.
- 13.3. Slapping, punching, kicking, bruising, rape, ridicule, constant criticism, threats, manipulation, sleep deprivation, social isolation, and other controlling behaviours all count as abuse.
- 13.4. Living in a home where domestic abuse takes place is harmful to children and can have a serious impact on their behaviour, wellbeing and understanding of healthy, positive relationships. Children who witness domestic abuse are at risk of significant harm and staff are alert to the signs and symptoms of a child suffering or witnessing domestic abuse (See Appendix 5).

## 14. Child Sexual Exploitation (CSE)

- 14.1. Child sexual exploitation is a form of sexual abuse where children are sexually exploited for money, power or status. More information and the indicators of CSE is set out in appendix 3. CSE can happen online and offline and all staff should be aware of the link between online safety and vulnerability to CSE.
- 14.2. Any concerns that a child is being or is at risk of being sexually exploited should be passed without delay to the DSL. Guildford Nursery School and Children's Centre is aware there is a clear link between regular school absence/truancy and CSE. Staff should consider a child to be at potential CSE risk in the case of regular school absence/truancy and make reasonable enquiries with the child and parents to assess this risk.
- 14.3. The DSL will use the Surrey Safeguarding Children's Board CSE Screening Tool<sup>11</sup> on all occasions when there is a concern that a child is being or is at risk of being sexually exploited or where indicators have been observed that are consistent with a child who is being or who is at risk of being sexually exploited.
- 14.4. In all cases if the tool identified any level of concern (green, amber or red) the DSL should contact their local Referral, Intervention and Assessment team and email the completed CSE Screening Tool along with a Multi-Agency Referral Form (MARF). If a child is in immediate danger the police should be called on 999.
- 14.5. Guildford Nursery School and Children's Centre is aware that a child often is not able to recognise the coercive nature of the abuse and does not see themselves as a victim. As a consequence the child may resent what they perceive as interference by staff. However, staff must act on their concerns as they would for any other type of abuse.
- 14.6. Guildford Nursery School and Children's Centre includes the risks of sexual exploitation in the PHSE and SRE curriculum. Children will be informed of the grooming process and how to protect themselves from people who may potentially be intent on causing harm. They will be supported in terms of recognising and assessing risk in relation to CSE, including online, and knowing how and where to get help.

## **15. Female Genital Mutilation (FGM)**

- 15.1. Female Genital Mutilation (FGM) is illegal in England and Wales under the FGM Act (2003). It is a form of child abuse and violence against women. A mandatory reporting duty requires staff to report 'known' cases of FGM in under 18s, which are identified in the course of their professional work, to the police<sup>12</sup>.
- 15.2. The duty applies to all persons in Guildford Nursery School and Children's Centre who is employed or engaged to carry out 'teaching work' in the centre, whether or not they have qualified teacher status. The duty applies to the individual who becomes aware of the case to make a report. It should not be transferred to the Designated Safeguarding Lead, however the DSL should be informed.
- 15.3. If a member of staff is informed by a girl under 18 that an act of FGM has been carried out on her or a member of staff observes physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and they have no reason to believe the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth, the staff member should personally make a report to the police force in which the girl resides by calling 101. The report should be made by the close of the next working day.
- 15.4. Centre staff are trained to be aware of risk indicators of FGM which are set out in Appendix 4. Concerns about FGM outside of the mandatory reporting duty should be reported as per Guildford Nursery School and Children's Centre's child protection procedures. Staff should be particularly alert to suspicions or concerns expressed by female children about going on a long holiday during the summer vacation period. There should also be consideration of potential risk to other girls in the family and practicing community.
- 15.5. Where there is a risk to life or likelihood of serious immediate harm the staff member should report the case immediately to the police, including dialling 999 if appropriate.
- 15.6. There are no circumstances in which a member of staff should examine a girl.

## **16. Forced Marriage**

- 16.1. A forced marriage is a marriage in which one or both people do not (or in cases of people with learning disabilities cannot) consent to the marriage but are coerced into it. Coercion may include physical, psychological, financial, sexual and emotional pressure. It may also involve physical or sexual violence and abuse.
- 16.2. Forced marriage is an appalling and indefensible practice and is recognised in the UK as a form of violence against women and men, domestic/child abuse and a serious abuse of human rights. Since June 2014 forcing someone to marry has become a criminal offence in England and Wales under the Anti-Social Behaviour, Crime and Policing Act 2014.
- 16.3. A forced marriage is not the same as an arranged marriage which is common in several cultures. The families of both spouses take a leading role in arranging the marriage but the choice of whether or not to accept the arrangement remains with the prospective spouses.
- 16.4. Centre staff should never attempt to intervene directly as a centre or through a third party. Contact should be made with the contact centre or the Forced Marriage Unit 200 7008 0151.

<sup>12</sup> <https://www.gov.uk/government/publications/mandatory-reporting-of-female-genital-mutilation-procedural-information>

## **17. Honour-based Violence**

- 17.1. Honour based violence (HBV) can be described as a collection of practices, which are used to control behaviour within families or other social groups to protect perceived cultural and religious beliefs and/or honour. Such violence can occur when perpetrators perceive that a relative has shamed the family and/or community by breaking their honour code.
- 17.2. Honour based violence might be committed against people who;
  - 17.2.1. become involved with a boyfriend or girlfriend from a different culture or religion; want to get out of an arranged marriage;
  - 17.2.2. want to get out of a forced marriage;
  - 17.2.3. wear clothes or take part in activities that might not be considered traditional within a particular culture.
- 17.3. It is a violation of human rights and may be a form of domestic and/or sexual abuse. There is no, and cannot be, honour or justification for abusing the human rights of others.

## **18. One Chance Rule**

- 18.1. All staff are aware of the 'One Chance' Rule' in relation to forced marriage, FGM and HBV. Staff recognise they may only have one chance' to speak to a child who is a potential victim and have just one chance to save a life.
- 18.2. Guildford Nursery School and Children's Centre are aware that if the victim is not offered support following disclosure that the 'One Chance' opportunity may be lost. Therefore, all staff are aware of their responsibilities and obligations when they become aware of potential forced marriage, FGM and HBV cases.

## **19. Private Fostering Arrangements**

- 19.1. A private fostering arrangement occurs when someone other than a parent or close relative cares for a child for a period of 28 days or more, with the agreement of the child's parents. It applies to children under the age of 16 or 18 if the child is disabled. Children looked after by the local authority or who are placed in residential schools, children's homes or hospitals are not considered to be privately fostered.
- 19.2. Private fostering occurs in all cultures, including British culture and children may be privately fostered at any age.
- 19.3. Guildford Nursery School and Children's Centre recognise that most privately fostered children remain safe and well but are aware that safeguarding concerns have been raised in some cases. Therefore, all staff are alert to possible safeguarding issues, including the possibility that the child has been trafficked into the country.
- 19.4. By law, a parent, private foster carer or other persons involved in making a private fostering arrangement must notify children's services as soon as possible. However, where a member of staff becomes aware that a child may be in a private fostering arrangement they will raise this with the DSL and the DSL will notify Surrey Children's Social Care of the circumstances.

## **20. Looked After Children**

- 20.1. The most common reason for children becoming looked after is as a result of abuse and neglect. Guildford Nursery School and Children's Centre ensures that staff have the necessary skills and understanding to keep looked after children safe. Appropriate staff have information about a child's looked after legal status and care arrangements, including the level of authority delegated to the carer by the authority looking after the child and contact arrangements with birth parents or those with parental responsibility.
- 20.2. The designated teacher for looked after children and the DSL have details of the child's social worker and the name and contact details of the Surrey County Council's virtual school head for children in care.
- 20.3. The designated teacher for looked after child works with the virtual school head to discuss how Pupil Premium Plus funding can be best used to support the progress of looked after children in the centre and meet the needs in the child's personal education plan.

## **21. Children Missing Education**

- 21.1. Attendance, absence and exclusions are closely monitored. A child going missing from education is a potential indicator of abuse and neglect, including sexual abuse and sexual exploitation.
- 21.2. The DSL will monitor unauthorised absences and take appropriate action including notifying the local authority particularly where children go missing on repeat occasions and/or are missing for periods during the school day in conjunction with 'Children Missing Education: Statutory Guidance for Local Authorities'<sup>13</sup>.
- 21.3. Staff must be alert to signs of children at risk of travelling to conflict zones, female genital mutilation and forced marriage.

## **22. Online Safety**

- 22.1. Our children increasingly use electronic equipment on a daily basis to access the internet and share content and images via social media sites such as facebook, twitter, instagram, snapchat and oovoo.
- 22.2. Unfortunately, some adults and other children use these technologies to harm children. The harm might range from sending hurtful or abusive texts or emails, to grooming and enticing children to engage in sexual behaviour such as webcam photography or face-to-face meetings. Children may also be distressed or harmed by accessing inappropriate material such as pornographic websites or those which promote extremist behaviour, criminal activity, suicide or eating disorders
- 22.3. Guildford Nursery School and Children's Centre has an online safety policy which explains how we try to keep children safe in school and how we respond to online safety incidents (See flowchart, Appendix 7).
- 22.4. Children are taught about online safety throughout the curriculum and all staff receive online safety training which is regularly updated. The centre online safety co-ordinator is.....

## **23. Peer on Peer Abuse**

- 23.1. In most instances, the conduct of children towards each other will be covered by our behaviour policy. However, some allegations may be of such a serious nature that they may raise safeguarding concerns. Guildford Nursery School and Children's Centre recognise that children are capable of abusing their peers. It will not be passed off as 'banter' or 'part of growing up'. The forms of peer on peer abuse are outlined below.
  - 23.1.1. Domestic abuse – an incident or pattern of actual or threatened acts of physical, sexual, financial and/or emotional abuse, perpetrated by an adolescent against a current or former dating partner regardless of gender or sexuality.
  - 23.1.2. Child Sexual Exploitation – children under the age of 18 may be sexually abused in the context of exploitative relationships, contexts and situations by peers who are also under 18.
  - 23.1.3. Harmful Sexual Behaviour – Children and young people presenting with sexual behaviours that are outside of developmentally 'normative' parameters and harmful to themselves and others (For more information, please see Appendix 2).
  - 23.1.4. Serious Youth Violence – Any offence of most serious violence or weapon enabled crime, where the victim is aged 1-19' i.e. murder, manslaughter, rape, wounding with intent and causing grievous bodily harm. 'Youth violence' is defined in the same way, but also includes assault with injury offences.

- 23.2. The term peer-on-peer abuse can refer to all of these definitions and a child may experience one or multiple facets of abuse at any one time. Therefore, our response will cut across these definitions and capture the complex web of their experiences.
- 23.3. There are also different gender issues that can be prevalent when dealing with peer on peer abuse (i.e. girls being sexually touched/assaulted or boys being subjected to initiation/hazing type violence).
- 23.4. Guildford Nursery School and Children's Centre aims to reduce the likelihood of peer on peer abuse through;
- 23.4.1. the established ethos of respect, friendship, courtesy and kindness;
  - 23.4.2. high expectations of behaviour;
  - 23.4.3. clear consequences for unacceptable behaviour;
  - 23.4.4. providing a developmentally appropriate PSHE curriculum which develops children's understanding of healthy relationships, acceptable behaviour, consent and keeping themselves safe;
  - 23.4.5. systems for any child to raise concerns with staff, knowing that they will be listened to, valued and believed;
  - 23.4.6. robust risk assessments and providing targeted work for children identified as being a potential risk to other children and those identified as being at risk.
- 23.5. Research indicates that young people rarely disclose peer on peer abuse and that if they do, it is likely to be to their friends. Therefore, Guildford Nursery School and Children's Centre will also educate children in how to support their friends if they are concerned about them, that they should talk to a trusted adult in the centre and what services they can contact for further advice.
- 23.6. Any concerns, disclosures or allegations of peer on peer abuse in any form should be referred to the DSL using Guildford Nursery School and Children's Centre's child protection procedures as set out in this policy. Where a concern regarding peer on peer abuse has been disclosed to the DSL(s), advice and guidance will be sought from Children Social Care and where it is clear a crime has been committed or there is a risk of crime being committed the Police will be contacted.
- 23.7. Working with external agencies the centre will respond to the unacceptable behaviour. If a child's behaviour negatively impacts on the safety and welfare of other children then safeguards will be put in place to promote the well-being of the children affected and the victim and perpetrator will be provided with support.

## **24. Youth produced sexual imagery (sexting) <sup>14</sup>**

- 24.1. The practice of children sharing images and videos via text message, email, social media or mobile messaging apps has become commonplace. However, this online technology has also given children the opportunity to produce and distribute sexual imagery in the form of photos and videos. Such imagery involving anyone under the age of 18 is illegal.
- 24.2. Youth produced sexual imagery refers to both images and videos where;
- 24.2.1. A person under the age of 18 creates and shares sexual imagery of themselves with a peer under the age of 18.
  - 24.2.2. A person under the age of 18 shares sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult.

<sup>13</sup> <https://www.gov.uk/government/publications/children-missing-education>

<sup>14</sup> Youth refers to anyone under the age of 18.

- 24.2.3. A person under the age of 18 is in possession of sexual imagery created by another person under the age of 18.
- 24.3. All incidents of this nature should be treated as a safeguarding concern and in line with the UKCCIS guidance 'Sexting in schools and colleges: responding to incidents and safeguarding young people'<sup>15</sup>.
- 24.4. Cases where sexual imagery of people under 18 has been shared by adults and where sexual imagery of a person of any age has been shared by an adult to a child is child sexual abuse and should be responded to accordingly.
- 24.5. If a member of staff becomes aware of an incident involving youth produced sexual imagery they should follow the child protection procedures and refer to the DSL as soon as possible. The member of staff should confiscate the device involved and set it to flight mode or, if this is not possible, turn it off. Staff should not view, copy or print the youth produced sexual imagery.
- 24.6. The DSL should hold an initial review meeting with appropriate centre staff and subsequent interviews with the children involved (if appropriate). Parents should be informed at an early stage and involved in the process unless there is reason to believe that involving parents would put the child at risk of harm. At any point in the process if there is concern a young person has been harmed or is at risk of harm a referral should be made to Children's Social Care or the Police as appropriate.
- 24.7. Immediate referral at the initial review stage should be made to Children's Social Care/Police if;
- 24.7.1. The incident involves an adult;
  - 24.7.2. There is good reason to believe that a young person has been coerced, blackmailed or groomed or if there are concerns about their capacity to consent (for example, owing to special education needs);
  - 24.7.3. What you know about the imagery suggests the content depicts sexual acts which are unusual for the child's development stage or are violent;
  - 24.7.4. The imagery involves sexual acts;
  - 24.7.5. The imagery involves anyone aged 12 or under;
  - 24.7.6. There is reason to believe a child is at immediate risk of harm owing to the sharing of the imagery, for example the child is presenting as suicidal or self-harming.
- 24.8. If none of the above apply then the DSL will use their professional judgement to assess the risk to children involved and may decide, with input from the Headteacher, to respond to the incident without escalation to Children's Social Care or the police.
- 24.9. In applying judgement the DSL will consider if;
- 24.9.1. there is a significant age difference between the sender/receiver;
  - 24.9.2. there is any coercion or encouragement beyond the sender/receiver;
  - 24.9.3. the imagery was shared and received with the knowledge of the child in the imagery;
  - 24.9.4. the child is more vulnerable than usual i.e. at risk;
  - 24.9.5. there is a significant impact on the children involved;
  - 24.9.6. the image is of a severe or extreme nature;
  - 24.9.7. the child involved understands consent;
  - 24.9.8. the situation is isolated or if the image been more widely distributed;

---

<sup>15</sup>[https://www.gov.uk/government/uploads/system/uploads/attachment\\_data/file/545997/Sexting\\_in\\_schools\\_and\\_colleges\\_UKCCIS\\_\\_4\\_.pdf](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/545997/Sexting_in_schools_and_colleges_UKCCIS__4_.pdf)

- 24.9.9. there other circumstances relating to either the sender or recipient that may add cause for concern i.e. difficult home circumstances;
- 24.9.10. the children have been involved in incidents relating to youth produced imagery before.

24.10. If any of these circumstances are present the situation will be escalated according to our child protection procedures, including reporting to the police or children's social care. Otherwise, the situation will be managed within the centre.

24.11. The DSL will record all incidents of youth produced sexual imagery, including both the actions taken, actions not taken, reasons for doing so and the resolution in line with safeguarding recording procedures.

## **25. Allegations against staff**

- 25.1. All centre staff should take care not to place themselves in a vulnerable position with a child. It is always advisable for interviews or work with individual children or parents to be conducted in view of other adults.
- 25.2. All Staff should be aware of Surrey's Guidance on Behaviour Issues, and the centre's own Behaviour Management policy.
- 25.3. Guidance about conduct and safe practice, including safe use of mobile phones by staff and volunteers will be given at induction<sup>16</sup>
- 25.4. We understand that a child may make an allegation against a member of staff or staff may have concerns about another staff member.
- 25.5. If such an allegation is made, or information is received which suggests that a person may be unsuitable to work with children, the member of staff receiving the allegation or aware of the information, will immediately inform the Headteacher<sup>17</sup>.
- 25.6. The Headteacher on all such occasions will discuss the content of the allegation with the Local Authority Designated Officer (LADO)<sup>18</sup> at the earliest opportunity and before taking any further action.
- 25.7. If the allegation made to a member of staff concerns the Headteacher, the person receiving the allegation will immediately inform the Chair of Governors/chair of the management committee/proprietor of an independent school [*delete as appropriate*] who will consult the LADO as in 23.6 above, without notifying the Headteacher first. [*NB where the headteacher is also the sole proprietor of an independent school the concerns should be reported directly to the LADO*]
- 25.8. The centre will follow the Surrey procedures for managing allegations against staff, procedures set out in Keeping Children Safe in Education and the centre's Managing Allegations policy and procedures.
- 25.9. Suspension of the member of staff, excluding the Headteacher, against whom an allegation has been made, needs careful consideration, and the Headteacher will seek the advice of the LADO and an HR Consultant in making this decision.

<sup>17</sup> or Chair of Governors in the event of an allegation against the Headteacher

<sup>18</sup> Duty LADO 0300 200 1006

- 25.10. In the event of an allegation against the Headteacher, the decision to suspend will be made by the Chair of Governors with advice as in 23.9 above.
- 25.11. Allegations regarding the proprietor of an independent school will be referred to the Local Authority Designated Officer [Independent Schools only]
- 25.12. We have a procedure for managing the suspension of a contract for a community user in the event of an allegation arising in that context.
- 25.13. Staff, parents and governors are reminded that publication of material that may lead to the identification of a teacher who is the subject of an allegation is prohibited by law. Publication includes verbal conversations or writing including content placed on social media sites.

## **26. Whistle-blowing**

- 26.1. We recognise that children cannot be expected to raise concerns in an environment where staff fail to do so.
- 26.2. All staff should be aware of their duty to raise concerns, where they exist, about the management of child protection, which may include the attitude or actions of colleagues, poor or unsafe practice and potential failures in the centre's safeguarding arrangements. If it becomes necessary to consult outside the centre, they should speak in the first instance, to the Area Education Officer/LADO following the Whistleblowing Policy.<sup>19</sup>
- 26.3. The NSPCC whistleblowing helpline is available for staff who do not feel able to raise concerns regarding child protection failures internally. Staff can call: 0800 028 0285 – line is available from 8:00 AM to 8:00 PM, Monday to Friday and Email: help@nspcc.org.uk.
- 26.4. Whistle-blowing re the Headteacher should be made to the Chair of the Governing Body whose contact details are readily available to staff (as pertinent to setting).

## **27. Physical Intervention**

- 27.1. We acknowledge that staff must only ever use physical intervention as a last resort, when a child is endangering him/herself or others, and that at all times it must be the minimal force necessary to prevent injury to another person.
- 27.2. Such events should be recorded and signed by a witness.
- 27.3. Staff who are likely to need to use physical intervention will be appropriately trained in the Positive Options technique.
- 27.4. We understand that physical intervention of a nature which causes injury or distress to a child may be considered under child protection or disciplinary procedures.
- 27.5. We recognise that touch is appropriate in the context of working with children, and all staff have been given 'Safe Practice' guidance to ensure they are clear about their professional boundary.<sup>20</sup>

## Appendix 1

### Recognising signs of child abuse

#### Categories of Abuse:

- Physical Abuse
- Emotional Abuse
- Domestic Abuse
- Sexual Abuse (including child sexual exploitation)
- Neglect

#### Signs of Abuse in Children:

The following non-specific signs may indicate something is wrong:

- Significant change in behaviour
- Extreme anger or sadness
- Aggressive and attention-seeking behaviour
- Suspicious bruises with unsatisfactory explanations
- Lack of self-esteem
- Self-injury
- Depression
- Age inappropriate sexual behaviour
- Child Sexual Exploitation.

#### Risk Indicators

The factors described in this section are frequently found in cases of child abuse. Their presence is not proof that abuse has occurred, but:

- Must be regarded as indicators of the possibility of significant harm
- Justifies the need for careful assessment and discussion with designated / named / lead person, manager, (or in the absence of all those individuals, an experienced colleague)
- May require consultation with and / or referral to Children's Services

The absence of such indicators does not mean that abuse or neglect has not occurred.

In an abusive relationship the child may:

- Appear frightened of the parent/s
- Act in a way that is inappropriate to her/his age and development (though full account needs to be taken of different patterns of development and different ethnic groups)

The parent or carer may:

- Persistently avoid child health promotion services and treatment of the child's episodic illnesses
- Have unrealistic expectations of the child
- Frequently complain about/to the child and may fail to provide attention or praise (high criticism/low warmth environment)
- Be absent or misusing substances
- Persistently refuse to allow access on home visits

- Be involved in domestic abuse

Staff should be aware of the potential risk to children when individuals, previously known or suspected to have abused children, move into the household.

### **Recognising Physical Abuse**

The following are often regarded as indicators of concern:

- An explanation which is inconsistent with an injury
- Several different explanations provided for an injury
- Unexplained delay in seeking treatment
- The parents/carers are uninterested or undisturbed by an accident or injury
- Parents are absent without good reason when their child is presented for treatment
- Repeated presentation of minor injuries (which may represent a “cry for help” and if ignored could lead to a more serious injury)
- Family use of different doctors and A&E departments
- Reluctance to give information or mention previous injuries

### **Bruising**

Children can have accidental bruising, but the following must be considered as non-accidental unless there is evidence or an adequate explanation provided:

- Any bruising to an immobile baby
- Bruising in or around the mouth, particularly in small babies which may indicate force feeding
- Two simultaneous bruised eyes, without bruising to the forehead, (rarely accidental, though a single bruised eye can be accidental or abusive)
- Repeated or multiple bruising on the head or on sites unlikely to be injured accidentally
- Variation in colour possibly indicating injuries caused at different times
- The outline of an object used e.g. belt marks, hand prints or a hair brush
- Bruising or tears around, or behind, the earlobe/s indicating injury by pulling or twisting
- Bruising around the face
- Grasp marks on small children
- Bruising on the arms, buttocks and thighs may be an indicator of sexual abuse

### **Bite Marks**

Bite marks can leave clear impressions of the teeth. Human bite marks are oval or crescent shaped. Those over 3 cm in diameter are more likely to have been caused by an adult or older child.

A medical opinion should be sought where there is any doubt over the origin of the bite.

### **Burns and Scalds**

It can be difficult to distinguish between accidental and non-accidental burns and scalds, and will always require experienced medical opinion. Any burn with a clear outline may be suspicious e.g.:

- Circular burns from cigarettes (but may be friction burns if along the bony protuberance of the spine)
- Linear burns from hot metal rods or electrical fire elements
- Burns of uniform depth over a large area
- Scalds that have a line indicating immersion or poured liquid (a child getting into hot water is his/her own accord will struggle to get out and cause splash marks)

- Old scars indicating previous burns/scalds which did not have appropriate treatment or adequate explanation

Scalds to the buttocks of a small child, particularly in the absence of burns to the feet, are indicative of dipping into a hot liquid or bath.

## **Fractures**

Fractures may cause pain, swelling and discolouration over a bone or joint.

Non-mobile children rarely sustain fractures.

There are grounds for concern if:

- The history provided is vague, non-existent or inconsistent with the fracture type
- There are associated old fractures
- Medical attention is sought after a period of delay when the fracture has caused symptoms such as swelling, pain or loss of movement
- There is an unexplained fracture in the first year of life

## **Scars**

A large number of scars or scars of different sizes or ages, or on different parts of the body, may suggest abuse.

## **Recognising Emotional Abuse**

Emotional abuse may be difficult to recognise, as the signs are usually behavioural rather than physical. The manifestations of emotional abuse might also indicate the presence of other kinds of abuse.

The indicators of emotional abuse are often also associated with other forms of abuse.

The following may be indicators of emotional abuse:

- Developmental delay
- Abnormal attachment between a child and parent/carer e.g. anxious, indiscriminate or not attachment
- Indiscriminate attachment or failure to attach
- Aggressive behaviour towards others
- Scape-goated within the family
- Frozen watchfulness, particularly in pre-school children
- Low self esteem and lack of confidence
- Withdrawn or seen as a "loner" – difficulty relating to others

## **Recognising Signs of Sexual Abuse**

Boys and girls of all ages may be sexually abused. It may be particularly difficult for a child to talk about. A full account should be taken of the cultural sensitivities of any individual child/family.

Recognition can be difficult, unless the child discloses and is believed. There may be no physical signs and indications are likely to be emotional/behavioural.

Some behavioural indicators associated with this form of abuse are:

- Inappropriate sexualised conduct
- Sexually explicit behaviour, play or conversation, inappropriate to the child's age
- Continual and inappropriate or excessive masturbation
- Self-harm (including eating disorder), self mutilation and suicide attempts
- Involvement in prostitution or indiscriminate choice of sexual partners
- An anxious unwillingness to remove clothes e.g. for sports events (but this may be related to cultural norms or physical difficulties)

Some physical indicators associated with this form of abuse are:

- Pain or itching of genital area
- Blood on underclothes
- Pregnancy in a younger girl where the identity of the father is not disclosed
- Physical symptoms such as injuries to the genital or anal area, bruising to buttocks, abdomen and thighs, sexually transmitted disease, presence of semen on vagina, anus, external genitalia or clothing

### **Recognising Neglect**

Evidence of neglect is built up over a period of time and can cover different aspects of parenting. Indicators include:

- Failure by parents or carers to meet the basic essential needs e.g. adequate food, clothes, warmth, hygiene and medical care
- A child seen to be listless, apathetic and irresponsive with no apparent medical cause Failure of child to grow within normal expected pattern, with accompanying weight loss
- Child thrives away from home environment
- Child frequently absent from school
- Child left with adults who are intoxicated or violent
- Child abandoned or left alone for excessive periods

## Appendix 2

### **Children with special educational needs and disabilities (SEND) can face additional safeguarding challenges.**

Children with SEND are protected in exactly the same way as children without SEND but staff need to have additional knowledge and awareness of the extra challenges involved in safeguarding children with SEND.

Staff need to be aware that barriers to recognising abuse of children with SEN can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration
- The potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in overcoming these barriers

Staff may find it more difficult to attribute indicators of abuse or neglect, or be reluctant to act on concerns in relation to disabled children, because of a number of factors, which they may not be consciously aware of. These factors include:

- Over-identifying with the child's parents/carers and being reluctant to accept that abuse or neglect is taking or has taken place, or seeing it as being attributable to the stress and difficulties of caring for a disabled child
- A lack of knowledge about the impact of disability on the child
- A lack of knowledge about the child, e.g. not knowing the child's usual behaviour
- Not being able to understand the child's method of communication
- Confusing behaviours that may indicate the child is being abused with those associated with the child's disability
- Denial of the child's sexuality
- Behaviour, including sexually harmful behaviour or self-injury, may be indicative of abuse
- Being aware that certain health/medical complications may influence the way symptoms present or are interpreted

The DfE guidance on safeguarding children with SEN and disabilities explains that signs of abuse could be masked by the child's disability, and so a heightened awareness of possible indicators of abuse or neglect is needed. Professionals must always take into account the nature of a child's disability when determining whether they have been abused or neglected. Indicators of possible abuse or neglect include:

- A bruise in a site that might not be of concern on an ambulant child, such as the shin, might be of concern on a non-mobile child
- Not getting enough help with feeding leading to malnourishment
- Poor toileting arrangements
- Lack of stimulation
- Unjustified and/or excessive use of restraint

- Rough handling, extreme behaviour modification e.g. deprivation of liquid, medication, food or clothing
- Unwillingness to try to learn a child's means of communication
- Ill-fitting equipment e.g. calipers, sleep boards, inappropriate splinting
- Misappropriation of a child's finances
- Invasive procedures which are unnecessary or are carried out against the child's will

## Appendix 3

### Sexual Abuse by Young People

The boundary between what is abusive and what is part of normal childhood or youthful experimentation can be blurred. The determination of whether behaviour is developmental, inappropriate or abusive will hinge around the related concepts of true consent, power imbalance and exploitation. This may include children and young people who exhibit a range of sexually problematic behaviour such as indecent exposure, obscene telephone calls, fetishism, bestiality and sexual abuse against adults, peers or children.

**Developmental Sexual Activity** encompasses those actions that are to be expected from children and young people as they move from infancy through to an adult understanding of their physical, emotional and behavioural relationships with each other. Such sexual activity is essentially information gathering and experience testing. It is characterised by mutuality and of the seeking of consent.

**Inappropriate Sexual Behaviour** can be inappropriate socially, inappropriate to development, or both. In considering whether behaviour fits into this category, it is important to consider what negative effects it has on any of the parties involved and what concerns it raises about a child or young person. It should be recognised that some actions may be motivated by information seeking, but still cause significant upset, confusion, worry, physical damage, etc. It may also be that the behaviour is “acting out” which may derive from other sexual situations to which the child or young person has been exposed. If an act appears to have been inappropriate, there may still be a need for some form of behaviour management or intervention. For some children, educative inputs may be enough to address the behaviour.

Abusive sexual activity included any behaviour involving coercion, threats, aggression together with secrecy, or where one participant relies on an unequal power base. In order to more fully determine the nature of the incident the following factors should be given consideration. The presence of exploitation in terms of:

- ❖ **Equality** – consider differentials of physical, cognitive and emotional development, power and control and authority, passive and assertive tendencies
- ❖ **Consent** – agreement including all the following:
  - Understanding that is proposed based on age, maturity, development level, functioning and experience
  - Knowledge of society's standards for what is being proposed
  - Awareness of potential consequences and alternatives
  - Assumption that agreements or disagreements will be respected equally
  - Voluntary decision
  - Mental competence
- ❖ **Coercion** – the young perpetrator who abuses may use techniques like bribing, manipulation and emotional threats of secondary gains and losses that is loss of love, friendship, etc. Some may use physical force, brutality or the threat of these regardless of victim resistance.

In evaluating sexual behaviour of children and young people, the above information should be used only as a guide. Further information and advice is available in the Surrey multi-agency protocol “Working with Sexually Active Young People” available at [www.surreycc.gov.uk/safeguarding](http://www.surreycc.gov.uk/safeguarding), by choosing Safeguarding Children – Protocols and Guidance for Professionals. Assessment, Consultation and Therapy (ACT) 01306 745310 can also assist professionals in identifying sexual behaviour of concern in children and adolescents.

## Appendix 4

### Child Sexual Exploitation

The following list of indicators is not exhaustive or definitive but it does highlight common signs which can assist professionals in identifying children or young people who may be victims of sexual exploitation.

Signs include:

- going missing from home or school
- regular school absence/truanting
- underage sexual activity
- inappropriate sexual or sexualised behaviour
- sexually risky behaviour, 'swapping' sex
- repeat sexually transmitted infections
- in girls, repeat pregnancy, abortions, miscarriage
- receiving unexplained gifts or gifts from unknown sources
- having multiple mobile phones and worrying about losing contact via mobile
- online safety concerns such as youth produced sexual imagery or being coerced into sharing explicit images.
- having unaffordable new things (clothes, mobile) or expensive habits (alcohol, drugs)
- changes in the way they dress
- going to hotels or other unusual locations to meet friends
- seen at known places of concern
- moving around the country, appearing in new towns or cities, not knowing where they are
- getting in/out of different cars driven by unknown adults
- having older boyfriends or girlfriends
- contact with known perpetrators
- involved in abusive relationships, intimidated and fearful of certain people or situations
- hanging out with groups of older people, or anti-social groups, or with other vulnerable peers
- associating with other young people involved in sexual exploitation
- recruiting other young people to exploitative situations
- truancy, exclusion, disengagement with centre, opting out of education altogether
- unexplained changes in behaviour or personality (chaotic, aggressive, sexual)
- mood swings, volatile behaviour, emotional distress
- self-harming, suicidal thoughts, suicide attempts, overdosing, eating disorders
- drug or alcohol misuse
- getting involved in crime
- police involvement, police records
- involved in gangs, gang fights, gang membership
- injuries from physical assault, physical restraint, sexual assault.

## Appendix 5

### **Female Genital Mutilation (FGM)**

It is essential that staff are aware of FGM practices and the need to look for signs, symptoms and other indicators of FGM.

#### **What is FGM?**

It involves procedures that intentionally alter/injure the female genital organs for non-medical reasons.

#### **4 types of procedure:**

Type 1 Clitoridectomy – partial/total removal of clitoris

Type 2 Excision – partial/total removal of clitoris and labia minora

Type 3 Infibulation entrance to vagina is narrowed by repositioning the inner/outer labia

Type 4 all other procedures that may include: pricking, piercing, incising, cauterising and scraping the genital area.

Why is it carried out?

Belief that:

- FGM brings status/respect to the girl – social acceptance for marriage
- Preserves a girl's virginity
- Part of being a woman / rite of passage
- Upholds family honour
- Cleanses and purifies the girl
- Gives a sense of belonging to the community
- Fulfils a religious requirement
- Perpetuates a custom/tradition
- Helps girls be clean / hygienic
- Is cosmetically desirable
- Mistakenly believed to make childbirth easier

#### **Is FGM legal?**

FGM is internationally recognised as a violation of human rights of girls and women. It is **illegal** in most countries including the UK.

#### **Circumstances and occurrences that may point to FGM happening are:**

- Child talking about getting ready for a special ceremony
- Family taking a long trip abroad
- Child's family being from one of the 'at risk' communities for FGM (Kenya, Somalia, Sudan, Sierra Leon, Egypt, Nigeria, Eritrea as well as non-African communities including Yemeni, Afghani, Kurdistan, Indonesia and Pakistan)
- Knowledge that the child's sibling has undergone FGM
- Child talks about going abroad to be 'cut' or to prepare for marriage

Signs that may indicate a child has undergone FGM:

- Prolonged absence from school and other activities
- Behaviour change on return from a holiday abroad, such as being withdrawn and appearing subdued
- Bladder or menstrual problems
- Finding it difficult to sit still and looking uncomfortable
- Complaining about pain between the legs
- Mentioning something somebody did to them that they are not allowed to talk about
- Secretive behaviour, including isolating themselves from the group
- Reluctance to take part in physical activity
- Repeated urinal tract infection
- Disclosure

### **The 'One Chance' rule**

As with Forced Marriage there is the 'One Chance' rule. It is essential that settings /schools/colleges take action **without delay** and make a referral to children's services.

## **Appendix 6**

### **Domestic Abuse**

How does it affect children?

Children can be traumatised by seeing and hearing violence and abuse. They may also be directly targeted by the abuser or take on a protective role and get caught in the middle. In the long term this can lead to mental health issues such as depression, self harm and anxiety.

#### **What are the signs to look out for?**

Children affected by domestic abuse reflect their distress in a variety of ways. They may change their usual behaviour and become withdrawn, tired, start to wet the bed and have behavioural difficulties. They may not want to leave their house or may become reluctant to return. Others will excel, using their time in your care as a way to escape from their home life. None of these signs are exclusive to domestic abuse so when you are considering changes in behaviours and concerns about a child, think about whether domestic abuse may be a factor.

## Appendix 7

### INDICATORS OF VULNERABILITY TO RADICALISATION

1. Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism.
2. Extremism is defined by the Government in the Prevent Strategy as:  
Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.
3. Extremism is defined by the Crown Prosecution Service as:  
The demonstration of unacceptable behaviour by using any means or medium to express views which:
  - Encourage, justify or glorify terrorist violence in furtherance of particular beliefs;
  - Seek to provoke others to terrorist acts;
  - Encourage other serious criminal activity or seek to provoke others to serious criminal acts; or
  - Foster hatred which might lead to inter-community violence in the UK.
4. There is no such thing as a “typical extremist”: those who become involved in extremist actions come from a range of backgrounds and experiences, and most individuals, even those who hold radical views, do not become involved in violent extremist activity.
5. Children may become susceptible to radicalisation through a range of social, personal and environmental factors - it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and their families and communities. It is vital that centre staff are able to recognise those vulnerabilities.
6. Indicators of vulnerability include:
  - Identity Crisis – the child is distanced from their cultural / religious heritage and experiences discomfort about their place in society;
  - Personal Crisis – the child may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging;
  - Personal Circumstances – migration; local community tensions; and events affecting the child’s country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy;
  - Unmet Aspirations – the child may have perceptions of injustice; a feeling of failure; rejection of civic life;
  - Experiences of Criminality – which may include involvement with criminal groups, imprisonment, and poor resettlement / reintegration;
  - Special Educational Need – child may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.
7. However, this list is not exhaustive, nor does it mean that all young people experiencing the above are at risk of radicalisation for the purposes of violent extremism.
8. More critical risk factors could include:
  - Being in contact with extremist recruiters;
  - Accessing violent extremist websites, especially those with a social networking element;
  - Possessing or accessing violent extremist literature;
  - Using extremist narratives and a global ideology to explain personal disadvantage;

- Justifying the use of violence to solve societal issues;
- Joining or seeking to join extremist organisations; and
- Significant changes to appearance and / or behaviour;
- Experiencing a high level of social isolation resulting in issues of identity crisis and / or personal crisis.
