

Dear Parents and Carers,

17th November: Children in Need-come dressed in spots and/or stripes.

Last week we had a **fire drill at both York Road and Hazel Avenue**. The fire alarm was sounded and everyone practised leaving the building and gathering at the assembly point. A register was taken. Every child was amazing, they left the building and walked so calmly to the assembly point. They understood that this was not a moment for playing or running around. We are very proud of them. We hold these practices each term. We also practise a lockdown twice a year.

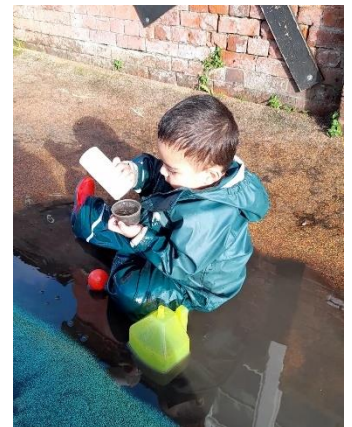

Children love to help with everyday tasks. How can your child help at home?

The joy of a puddle!

Not to mention the problem-solving skills being developed.

Please may I ask that children **are not** sent to nursery if they have diarrhoea, sickness or a temperature. Other parents do not want their child to catch any illness unnecessarily. Equally if too many staff become ill, we may have to close part or all of the nursery.

If your child has a cold and feels well then it is fine for them to come to nursery.

A useful guide is that if your child needs calpol or similar before coming to nursery, then they are probably not well enough to attend.

Thank you for your understanding and support.

Any queries or concerns, please do not hesitate to contact me.

Kind regards

Sally

(Headteacher)

Dates for your diary:
