

Dear Parents and Carers,

Nursery will be closed for staff training on: 30th November and 1st December

Children's social and emotional skills develop from a very young age. Having a good understanding of feelings helps children play with other children and helps support their later mental health. The following are two very useful websites with films and activities for both you and your child:

[How to talk to your child about emotions - CBeebies - BBC](#)

[Feelings and emotions - Foundation Stage PDMU - BBC Bitesize](#)

Children learn so much from cooking.

They learn how to use tools such as knives, sieves, whisks.

They learn how some foods change when they are cooked.

They learn the importance of counting out the correct number of spoonfuls etc.

Thank you so much- your contributions helped us to raise **£112.54 for Children in Need** this year.

[Childcare Choices | 30 Hours Childcare, Tax-Free Childcare and More | Help with Costs | GOV.UK](#) This website has been updated to include the changes coming from April 2024. If you sign up for their newsletter, you will receive updates about the forthcoming changes.

Any queries or concerns, please do not hesitate to contact me.

Kind regards

Sally

(Headteacher)
